

## Browser - The TYPO3-Frontend Engine

Publish your data in list and single views! You don't need neither any own plugin nor any line PHP-Code. The Browser - the TYPO3-Frontend-Engine - provides an indexed browser (a-z), a record browser (page browser), a search form, filters, category menus and AJAX by default. Your data will be detected as objects, i.e. images will be wrapped automatically. SEO - Search Engine Optimization - is integrated. The Browser enables the development of TYPO3-Extensions without any line PHP. TYPO3 developers and TYPO3 integrators will be eight times faster!

Version: 3.9.3 - 2011-11-06
